

## List of micro-providers offering home care, home-help and community support services in Somerset

The Somerset Micro-Enterprise Project is a partnership between Somerset County Council and social enterprise Community Catalysts aimed at increasing choice and diversity in the local social care and support market by supporting existing and emerging micro care and/or support providers. This list has been produced for people who may be interested in purchasing micro care and/or support services and is made up of micro providers that are known to the project and that have given their consent to being included in Somerset County Council's list of micro providers. A micro provider's inclusion on this list is not an indication that the provider concerned has been accredited by Somerset County Council or Community Catalysts. For more details contact project co-ordinator Rhys Davies at [rhys.davies@communitycatalysts.co.uk](mailto:rhys.davies@communitycatalysts.co.uk) or 07595411945.
